Submission Guidelines

Abstracts must be written in English. Use maximum 2500 characters (approximately 350 words) including blank spaces for the abstract text. The abstract title and the author(s) or names of institutions are not to be included in the 2500 characters. In order to make the abstract as informative as possible, please include a brief statement of the purpose of the study, the method used, the result observed, and the conclusions based upon the results. It is the author's responsibility to submit a correct abstract. Any errors in spelling, grammar or scientific fact will be reproduced as typed by the author.

Authors may present free communications (oral) of own problematic or educational cases.

Notification of acceptance

Notification of acceptance/rejection will be e-mailed in June. The corresponding author will receive all correspondence concerning the abstract. The corresponding author is responsible for informing all authors of the status of the abstract.

Publication of abstracts

Accepted abstracts will be published in a booklet given to all registered delegates in Fischbachau.
