E-mail: allergyschools@eaaci.net

Tel: +41 44 205 55 33
Fax: +41 44 205 55 39

Submission Guidelines

Abstracts must be written in English. Use maximum 2'500 characters (approximately 350 words) including blank steps for the abstract text. The abstract title and the author(s) or names of institutions are not to be included in the 2'500 characters. In order to make the abstract as informative as possible, please include a brief statement of the purpose of the study, the method used, the result observed, and the conclusions based upon the results. It is the author's responsibility to submit a correct abstract. Any errors in spelling, grammar or scientific fact will be reproduced as typed by the author.

Accepted abstracts will be presented as posters. Poster presenters will be asked to be present by their poster during poster session. Only abstracts within the field of diagnostic approaches to the allergic patient can be considered. Both scientific work and case presentations are welcome. Some of the cases may be chosen for discussion in the case presentation sessions.

Authors may present free communications (oral) of own problematic or educational cases.

Notification of acceptance

Notification of acceptance/rejection will be e-mailed in September 2010. The corresponding author will receive all correspondence concerning the abstract. The corresponding author is responsible for informing all authors of the status of the abstract.

Publication of abstracts

Accepted abstracts will be published in a booklet given to all registered delegates in Kusadasi.
